#### Calaveras County Elections Update

Election Night results have been posted. The next update of results will be available by 5:00 p.m. on Friday, June 5, 2026, on the Calaveras County Elections webpage. Voters can access results by searching *Calaveras County Elections* and selecting the "[Election Results](#)" icon.

There are approximately 6,500 vote-by-mail ballots remaining to be counted. These ballots were collected from official ballot drop boxes, vote centers, and mail received through Election Day. Ballots that are postmarked on or before June 2, 2026, and received by June 9, 2026, will continue to be processed and counted in accordance with state law.

Voters who received a notice indicating that their ballot signature was missing or did not match the signature on file may submit a Signature Verification Statement through June 24, 2026, to ensure their ballot can be counted.

Counting every eligible ballot remains our highest priority. After all ballots have been processed and counted, the Elections Office will conduct the required post-election manual hand tally to verify the accuracy of the voting system.

The official canvass will conclude, and election results will be certified no later than July 2, 2026.
