Calaveras County Elections Update

Election results were updated today. The next update of results will be available by 5:00 p.m. on Friday, June 12, 2026, on the Calaveras County Elections webpage. Voters can access results by searching *Calaveras County Elections* and selecting the "[Election Results](#)" icon.

There are approximately 800 vote-by-mail ballots remaining to be counted. These ballots were received after Election Day and postmarked before June 2, 2026. Ballots postmarked on or before June 2, 2026, and received by June 9, 2026, will continue to be processed and counted in accordance with state law.

Voters who received a notice indicating that their ballot signature was missing or did not match the signature on file may submit a Signature Verification Statement through June 24, 2026, to ensure their ballot can be counted.

Counting every eligible ballot remains our highest priority. After all ballots have been processed and counted, the Elections Office will conduct the required post-election manual hand tally to verify the accuracy of the voting system.

The official canvass will conclude, and election results will be certified no later than July 2, 2026.

For election updates and notifications from the Elections Office, please contact us at electionsweb@calaverascounty.gov or visit the Calaveras County Elections webpage.
