Calaveras County Clerk-Recorder & Registrar of Voters

### March 3, 2020 Presidential Primary Election Results

Election results will be updated on the County Elections webpage, which can be viewed at <https://elections.calaverasgov.us/Results>. There are over 4,000 ballots left to process that were received on Election Day throughout the County. This number does not include the ballots expected to be received in the mail through Friday March 6, 2020. The next updated election results will be available by end of day Friday, March 6<sup>th</sup>. The official results will be posted after the certification of the election. Our goal is to certify the election by March 15, 2020.

Elections staff is logging and verifying signatures on the returned vote by mail ballots received on Election Day. Once the ballots have been logged they will be opened and tabulated. We are also picking up the equipment from vote centers and drop box locations today. Once everything is picked up from these locations, we will perform an audit on each location, and check the equipment for damage. Counting ballots is our top priority and once it is complete we will begin the manual hand count to verify the equipment tabulated the votes for each contest correctly.
