### November 8, 2022, Primary Election Results

Election results have been updated today on the Calaveras County Elections webpage. You can view by searching Calaveras County Elections and then clicking on the [Election Results](#) icon.

There are approximately 500 ballots yet to be counted. The count includes ballots received through the mail today with a postmark on or before Election Day, provisional, damaged, and challenged signatures that may be cured. We will continue counting ballots postmarked by November 8, 2022, if received on or before November 15, 2022.

Voters notified that their signature was missing or did not match the voter registration file can return the form to cure through November 28, 2022.

Counting ballots is our top priority. Once complete, we will begin the manual hand count to verify the equipment tabulated the votes for each contest correctly. The deadline to certify and report the final election results is December 8, 2022.

Please contact [electionsweb@co.calaveras.ca.us](mailto:electionsweb@co.calaveras.ca.us) if you would like to receive notifications from the Elections Office.
